Andrew Richard Hara | Media – Hilo, Hawaii

2007-present

Visual Media Specialist / Photo + Video + Strategy

As a Visual Media Specialist, I use my skills in photography, videography, strategic marketing, and strategic partnerships to support thriving, responsible and compassionate communities within Hawaii. My passion and focus are used to interpret and tell stories of culture, science, and environmental conservation throughout the diversity of Earth. My media company focuses on developing marketing content and strategies for small businesses, non-profits, and larger corporations to help create sustainable models of business in the State of Hawaii. A portion of my work is donated and/or volunteered to help private and government sectors to support community wealth and culture.

Advertising and Marketing (Including Photography and Videography)

- **Hawaii Tourism Authority** – Hawaii Canoe Racing Association State Championship aerial drone (UAS) shoot
- **180LA** – Helicopter chase photo shoot for Hewlett Packard
- **County and State of Hawaii** – Aerial photo and video assessment for the June 27th lava flow

Edmund Olson Trust II – Papaikou, Hawai'i

2012–2014

Art Director

Created, implemented and oversaw the marketing and visual design for 13 subsidiary companies within the Edmund Olson Trust II: Ka'u Coffee Mill, Hamakua Macadamia Nut Co., Wainaku Ventures, OK Farms, Aston Naniloa Hotel. Provided administrative support and documentation for all trust-related projects. Compiled working documents and recorded the trust's operations in renewable energy (hydroelectric, solar, geothermal), land use management, agricultural sustainability, and land conservation.

Archivist / Historical Records Manager**2012–2014**

Responsible for digitizing, cataloging, and conserving the trust's archive. Originally owned by C. Brewer, the archive consists of a geographical database of original Hawaii Island sugar plantation land records, (some with a direct lineage to 1850 Hawaiian monarchy), land deeds, 150-year old hand-drawn maps, handwritten Hawaiian journals, photographs, ledgers, title certificates, and genealogy charts. Refined processes for effective acquisition, access, and future migration of digital and analog collections acquired by the trust. Forensic digital imaging was utilized to evaluate and enhance historical data for current land management. Established archive protocols for organizing digital archive media on a four-generation backup to ensure zero-data-loss from accidental file modification.

United States Geological Survey – Hawai'i Volcanoes National Park, Hawai'i**2011–2012****Volunteer**

Preserved historical slides and black and white prints within archive by digitizing and maintaining photographic collections. Special projects included digitizing and cataloging Thomas A. Jaggar's handwritten journals (dating 1912) acquired from Department of Interior's archive collection in Reston, VA. Assisted scientists in the field and archiving projects including mapping thermal signatures in Kilauea Caldera, reconfiguring time-lapse photography equipment for remote photo-documentation, and measuring tsunami inundation effects in Hawai'i from the 2011 Japan earthquake.

CERTIFICATION**High Altitude sUAS Commercial Operator for Maunakea Science Reserve****2020-Present**

Currently the sole operator permitted to fly on the summit of Maunakea. Issued by Office of Maunakea Management to currently operate sUAS drone operations for commercial and research flight operations.

UAS Part 107 License - Commercial Aerial Drone Specialist**2018-Present**

Issued by the Federal Aviation Administration.

EDUCATION**Art Center College of Design – Pasadena, CA****2006–2009**

Bachelor of Fine Arts in Photography and Digital Imaging, Cum laude, 2009. Supplemental forensic digital imaging course to meet qualifications as a judicial expert witness.

Academy of Art University – San Francisco, CA**2004–2005**

Graphic Design, 2004. Photography and Digital Imaging, 2005.
